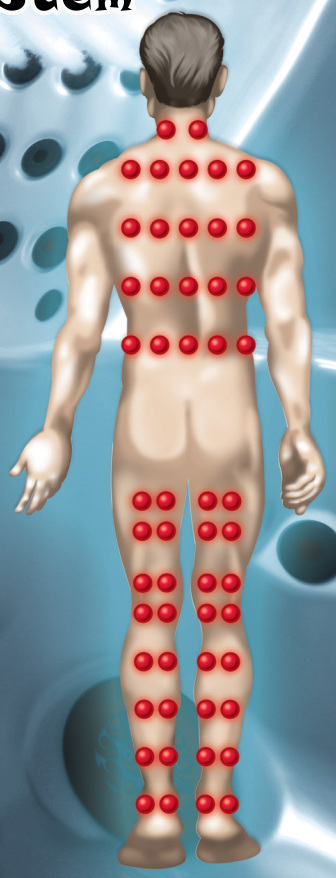
Ultra Wave Lounge

Patented Total Body Hydrotherapy System



Wave-Lounge Hydrotherapy

Shoulders, full back, thighs, calves and feet. Ultra-Wave Lounger's 54 jets provide a pulsating wave massage one to two rows at a time from your neck to your toes. Seven function programmable controls provide seven massage patterns at three variable speeds over your body. These invigorating streams may be paused at any level to continuously massage one part of your body.

Ride the Waves of Relaxation

Experience the invigorating sensation of fifty-four wavejets moving like massaging fingers up and down your body. Relaxing on this pateneted Wave-Max™ seat feels like you"re getting a therpeutic massage in the privacy and comfort of your own QCA Spa!

This innovative hydrotherapy lounger has row after row of pressurized wavejets that pulsate up and down your back, massaging your aching muscles. All the while warm water eases away the tension of your day.
